MAYON'S OPPICE. NEW YORK, Nov. 2, 1871.

C. CORSON, ESQ., Chief of Bureau of Elections:—

SIR—Lawyers divide in opinion upon the question whether or not Aldermen and Assistant Aldermen should be voted for at the approaching election. Some lawyers contend that the new section 6 of the recent amendment to the charter, which takes the place of old section 6, is contaminated by unconstitutional provisions to such a degree that the whole new section falls, and the old one (providing for an 1871 election) is to be considered still in force. Other awards the terms of Aldermen is an unconstitutional provisions of the new section which extends the terms of Aldermen is an unconstitutional provisions of the new section which extends the terms of Aldermen is an unconstitutional provision of the new section which is and that on the 1st of January the incumbents of the offices of Aldermen and Assistant Aldermen will not only hold over by virtue of a kevised Statute provision, but that the Mayor may appoint Aldermen and Assistant Aldermen until an election shall be had. The Corporation Counsel and the Mayor agree in this latter opinion. The Mayor does not surreader that opinion in now asking you, however, to provide the necessary boxes for votes for Aldermen and Assistant Aldermen. Preparations are being made by many parties to vote for Aldermen and Assistant Aldermen. Preparations are being made by many parties to vote for Aldermen and Assistant Aldermen. It will be the least evil to provide the boxes and the returns and to leave the the legal question to be settled upon returns. Very truly, yours,

A OAKEY HALL, Mayor, &c.

Whereas frauds of a magnitude unknown in history have been perpetented by the quadrilateral leaders of the democratic party in this city on the ballot box and on the public freasury; and whereas an election will take place on Tuesday next to determine whether these great crimes hisall be perpotuated; and whereas it is stated by Mr. Chas. O'Conor in his published letter that "the atrocious frauds now attracting universal notice were committed under the control of four persons" over our local administration, and that "the statutes waich gave this body of men their vast powers were procurred from legulatures in which their chief sat as lawsmaker," and that these statutes were madnly procurred by bribling our State legislators with moneys rifled from the public treasury; and whereas this chief and his followers are now in nomination for places of trust and political gower by the now trilateral, and its believed that

In moving the adoption of the paper Mr. Blunt id that Jackson 8. Schultz and other friends had gested to him the substitution of the word "Tamany" for "democratic" in the opening clause, and the club thought well of it he would make that

Sinclair Toucey promptly opposed it. Tammany Rail, he said, is the democratic party, and the democratic party, and the democratic party is Tammany Hall. He saw no difference between them. The democratic party and lammany Hall were "Fire Cause of all the Troubles, national and local, that have come upon us for many years, and he wanted the preamble to stand

democrats who are
and who will probably vote as earnestly against
Tammany as he will himself. And for this reason
as well as to please his friends he hoped the amendment would pass. It was then put to a vote and
carried, and as amended the preamble and resoluhon were then adopted.

Mr. CLINTON RODSEVELT, in the name of the

The decks amidahips are seltied about an inch and a half, and the stanchons between decks are drawn from the beams. The capitain thinks the stanchons amidahips are crushed by the weight between decks, and that is probably the cause of the upper deck settling. Arrangements have been made to discharge and warehouse the carge during repairs. The ship does not show any signs of strain, except the settling of the decks amidships.
